DOWNLOAD & INSTALL | Android phones

DIRECT DOWNLOAD FROM OUR WEBSITE

1. Open Chrome (or your browser) on your Android phone.
2. Visit <https://wakasteps.netlify.app> and tap **Download WakaSteps for Android**.
3. Open your Downloads folder, tap **WakaSteps.apk**, then tap **Install**.

IF ANDROID BLOCKS INSTALLATION

"Install unknown apps" permission

If prompted, tap **Settings > Allow from this source** for Chrome or Files (whichever opened the APK). Return and tap **Install**.

If Play Protect blocks installation

On the Play Protect prompt, tap **More details**, then **Install anyway**.

If that option is not shown, open **Play Store > profile picture > Play Protect > Settings**, turn off **Scan apps with Play Protect**, then return to the APK and tap **Install**.

AFTER INSTALLING

Open WakaSteps, allow step/activity access, choose your daily target, and waka!

BACK UP & RESTORE YOUR WAKA DATA

In WakaSteps, go to **Settings > About WakaSteps > Your Waka History**.

Tap **Back Up My Waka Data** to save your waka history and settings to a JSON file. Tap **Restore My Waka Data** to bring them back, including on another Android phone.
