

WAKASTEPS

YOUR WAKA. YOUR PACE. YOUR PROGRESS.

A fresh way to move, track and feel good.

A joyful Android step-counting companion, built around Nigerian Pidgin, an uplifting ocean-inspired design and one simple promise: no shame, no pressure.

EVERY STEP GETS ITS OWN STORY

From your first waka to your longest streak, it all connects.

01 START STRONG

Welcome, physical-activity permission, simple daily target setup and a clear confirmation before your first step.

02 HOME THAT MOVES

Live step count, target progress, estimated distance and calories, plus an Ocean Breeze dashboard with walking motion.

03 YOUR WAKA HISTORY

Review recorded days, explore daily details and see your steps, goals, distance and progress in context.

04 PROGRESS & PATTERNS

Weekly and monthly summaries, seven-day progress, personal best day, walking streaks and a journey overview.

05 GINGER, NOT PRESSURE

Waka Motivation gives Pidgin encouragement. WAKI celebrates each achieved target with a special alert and 5-second glow + happy dance.

06 YOU DEY IN CONTROL

Set your target, choose km or miles, switch Ocean Breeze Light/Dark, and manage motivation and reminders.

BUILT FOR REAL LIFE

No personal information required. No account needed. Your waka data stays on your device.
No internet needed: WakaSteps counts steps with your phone walking sensor, even without Wi-Fi.
Enjoy local records, customizable notification preferences and clear privacy guidance.

OCEAN BREEZE LIGHT + DARK

Meet WAKI. Find your rhythm. Celebrate every little waka.
